

THE HUAZHONG UNIVERSITY OF SCIENCE AND TECHNOLOGY,
AEROSPACE RESEARCH CENTER, WUHAN, CHINA

We are currently accepting applications, regardless of candidates' nationalities, to fill several full-time faculty positions for Assistant, Associate, and Full Professors in Aerospace Engineering with applications to specific fields that include, but are not limited to,

- 1) Aerodynamics, aircraft and spacecraft system,
- 2) Navigation, guidance and control,
- 3) Electronics, wireless communication,
- 4) New energy and advanced propulsion systems,
- 5) Aerospace structures and Composites

Applicants must hold a doctoral degree in aerospace engineering or closely related disciplines. Successful candidates will be responsible for teaching undergraduate and graduate courses and for developing a strong, externally sponsored research program. Salary is commensurate with qualifications and experience. Full consideration will be given to applications received by June 30, 2011.

Applicants should submit a curriculum vitae, including a telephone number and e-mail address, and the names and contact information of three references. Applicants are encouraged to submit this information in pdf format to aerospace_hust@126.com. Alternatively, application materials can be mailed to:

Professor Renfu Li
